# UNKNOWN NORDIC

Unknown Nordic is a Danish design and manufacturing company. With its roots in the Scandinavian design traditions Unknown Nordic creates long lasting functional and aesthetic products of very high quality.

Natural resources are all around us. At Unknown Nordic we specialize in fibers extracted from volcanic lava stones. Nature has generated lava for millions of years and internal eruptions have helped to form the crust of the earth. We retrieve the stones from the crust and transform them into fibers.

All the products from Unknown Nordic are handmade, making each products unique. The shape is the same but the pattern varies together with the hands manufacturing the products.

A signifacnt sign of our design is the open pattern. A reflection of how nature is very much part of. We learned how animals find comfort and safety from shelters in the tree crowns and opted to copy this into our designs. Sitting in one of our Bios Hanging Loungers will give you the same feeling of comfort and safety.

What we create is

LAVA SHAPED BY HAND

# Outdoor living

Your outdoor living space is an extension of your home, offering a unique opportunity to connect with nature, entertain guests, or simply relax in the open air. The key to unlocking the full potential of your outdoor area lies in the choice of outdoor furniture. Well-crafted and thoughtfully selected pieces can transform a plain yard or patio into a comfortable and stylish oasis.

Unlike indoor furniture, outdoor furniture is exposed to the elements, requiring materials that can withstand varying weather conditions. Our basalt fibers combined with Bio resin has the ability to resist rain, sun, salt, chlorine and temperature fluctuations.

Busy lifestyles call for low-maintenance solutions, and our outdoor furniture delivers just that. Our materials are easy to clean and require an absolute minimal upkeep. This means more time enjoying your outdoor haven and less time on maintenance chores.

Investing in outdoor furniture is an investment in the quality of your outdoor living experience. Whether you have a spacious backyard, a cozy balcony, or a compact patio, we have the outdoor furniture solution to suit every space and style. By carefully choosing pieces that align with your preferences and lifestyle, you can create an outdoor sanctuary that becomes an integral part of your home. Elevate your outdoor living space with the furniture from UNKNOWN NORDIC, and embrace the joy of outdoor living year-round.

# LAVA SHAPED BY NATURE

Products made from Volcanic basalt fibers has some extraordinary properties. Besides allowing us to create natural shapes the most significant properties are:

# LAVA NEST FIRE PIT

The new product LAVA NEST FIRE PIT is the result of a cooperation between RUFER from Switzerland and Unknown Nordic. RUFER has long been recognized as a top quality designer and manufacturer of steel products. Together we have developed this new product where we combine steel and lava stone to create this aesthetic LAVA NEST FIRE PIT.

The cooking area of LAVA NEST FIRE PIT is made completely from stainless steel offering optimum conditions for cooking.

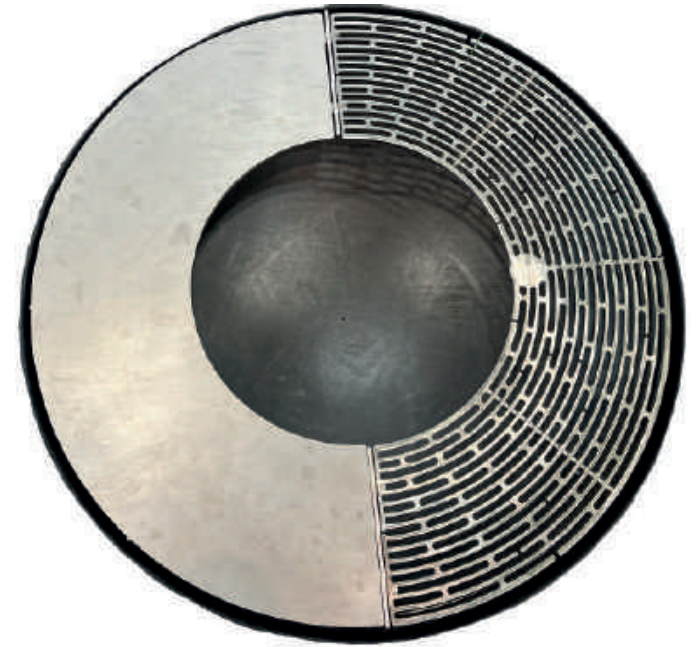

## Taking advantages of lava being heat absorbing.

---

Besides being aesthetic the use of lava does wonders for the product. The outer shield of lava protects people and especially children from the hot steel surfaces. The design of the LAVA NEST FIRE PIT is made so that the shield of lava will only obtain a minimum of the high temperatures created by the fire. Actually it will offer a comforting warmth when used on a cold day.

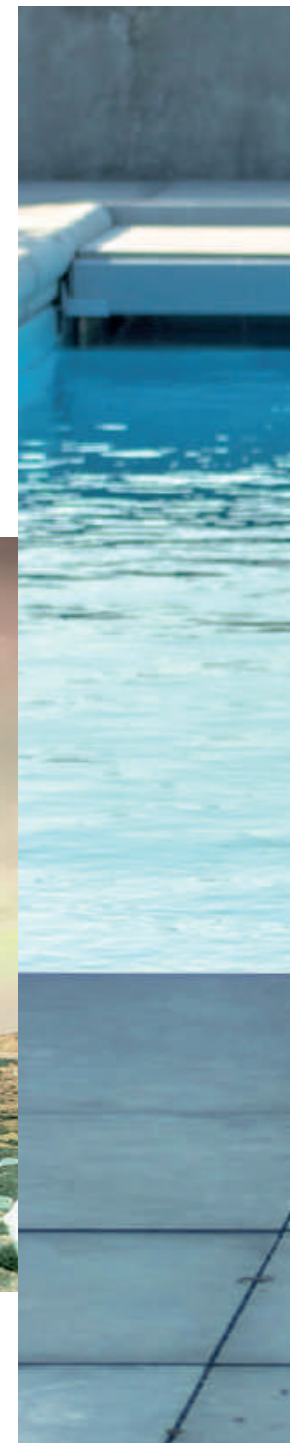

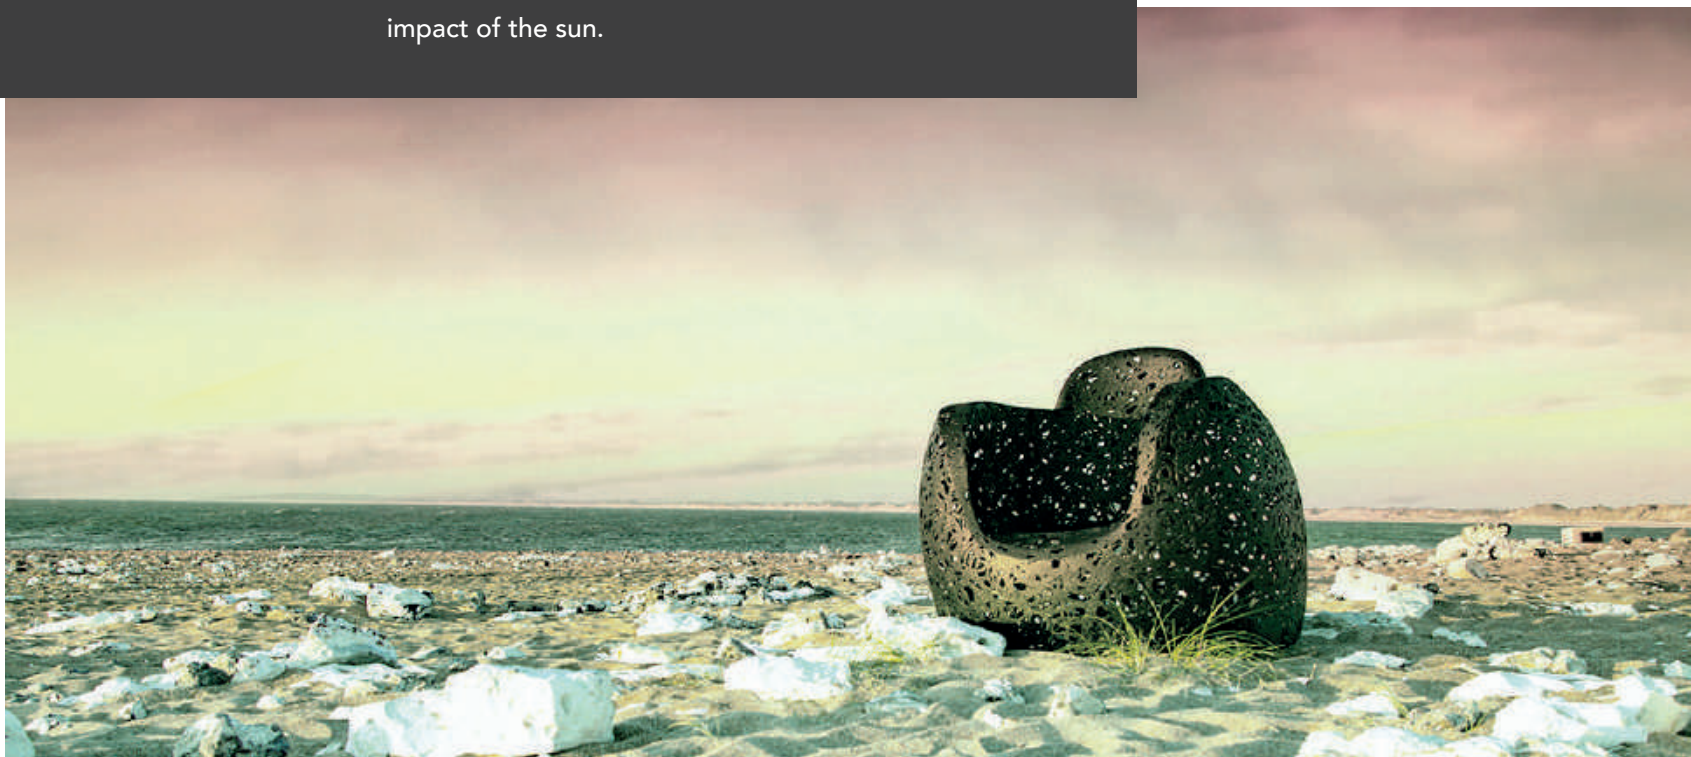

## Comfortable seatings

The furniture collection from Unknown Nordic offers chairs with very good ergonomics. With the intriguing pattern and organic shapes of the design the chairs offers an eye-catching solution to any environment.

And you can sit safely on the black surface because the material is heat absorbing making it much better than most other materials to withstand the impact of the sun.

## STELLAR & RACE

By providing a comfortable and inviting outdoor environment, garden furniture encourages individuals to connect with nature. Spending time outdoors has numerous physical and mental health benefits, and well-designed furniture facilitates this connection.

## CHAIRS - Match and combine them as you like

---

The organic pattern is handmade, but based on the same technique. So even if you choose different chairs, they will match in color and expression. Therefore, you can easily put several different models together, so that everyone can find one to their own taste

## NEWS - RKL1

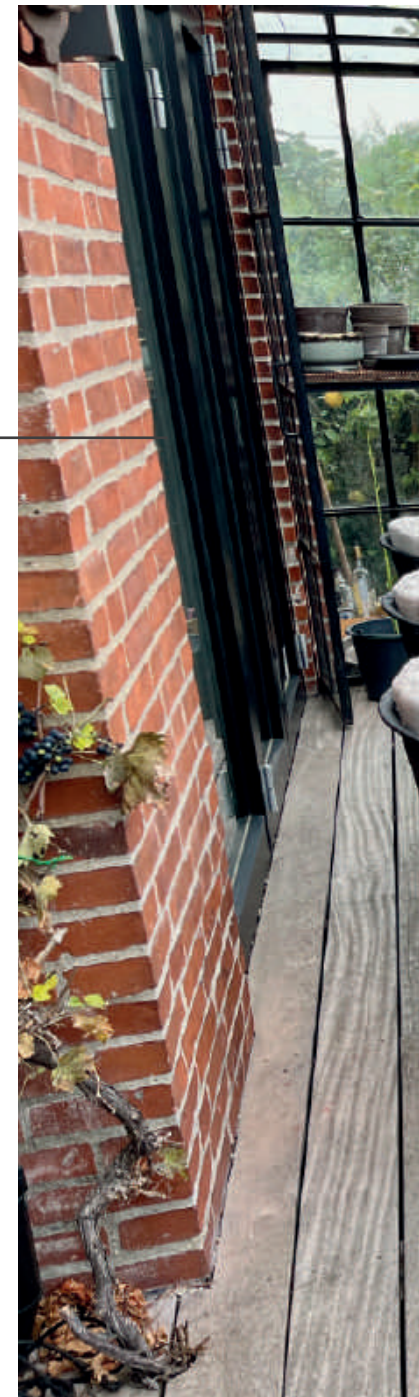

---

RKL1 is the new dining chair from Unknown Nordic. It is designed to be a chair you want to spend the entire evening sitting in. It offers a perfect combination of aesthetics and functionality. Being made from maintenance free materials such as basalt fibers and stainless steel the RKL1 chair is the optimum choice.

Outdoor dining chairs are specially designed pieces of furniture that cater to the unique demands of exterior spaces. These chairs are crafted to withstand various weather conditions while providing comfort and style for outdoor dining areas

Comfort remains a crucial factor for outdoor dining chairs, just as it is for indoor counterparts. Ergonomic designs, supportive backrests, and comfortable seating surfaces contribute to an enjoyable dining experience

# INDOOR OUTDOOR

Garden furniture transcends its basic purpose of providing seating and tables. It is an integral component in the creation of inviting outdoor spaces that promote social interaction, relaxation, and a seamless blend of style with nature. Whether used for entertaining guests, enjoying a quiet moment, or relishing meals under the open sky, garden furniture enriches the overall experience of outdoor living.

But garden furniture can also be used for indoor, especially where the architecture allows for great amounts of light. Our designs blend very well with most materials and especially the raw concrete surface creates a wonderful contrast to our furniture.
